Andrea's meeting with the Transport Secretary on Wednesday to discuss next steps; we'll be press releasing the blog post tomorrow.

Do get in touch with any questions or thoughts, and to share the blogpost with anyone you feel appropriate; this is a really positive step forward!

All best wishes,

A big vote of thanks is due to our District Councillor, Rebecca Breese, who has invested a lot of time & patience into brokering the agreement between SNC & NCC which will be instrumental in getting our Bypass design phase off the ground
