

To Farthinghoe Residents

Below is a link to an extract from Andrea Leadsom's Christmas update which we have received today (21 December 2018)

<https://www.andrealeadsom.com/news/20181028/farthinghoe-bypass>

I have been checking the MRN Consultation website since July & it has remained without significant change until this week

Please see the link below

<https://www.gov.uk/government/consultations/proposals-for-the-creation-of-a-major-road-network> -You have to click on the file to open the report

This second link is the response to the MRN Consultation which we have been awaiting & which had been promised to Andrea Leadsom by the Secretary of State for Transport, Chris Grayling

It is a complex response & needs to be studied in depth to decide if the Farthinghoe Bypass plan now meets the qualifying criteria for funding from this source.

I believe that it is welcome progress but we still need to quantify that progress

Wishing everyone a Merry Christmas & Happy, Healthy, Peaceful & Optimistic New Year

Rgds
