Annual Report April 2017

Brackley and surrounding villages do not show any crime trends over and above any other similar size areas. There have been sporadic reports of thefts from vehicles, particularly from vans for tools. There are no specific patterns to these thefts and as such owners/operators should review the security of their vehicle and its contents. As warmer weather approaches we generally tend to see an increase in thefts from vehicles parked at beauty spots such as remote parks, wooded areas, churches etc.

We recommend that you visit www.police.uk to access up to date crime statistics for your area.

Northants Police support local social networks such as Brackley Burglary Crime & Prevention, Newbottle & Charlton Crime Prevention Group, Northamptonshire Street Watch and other village networks by providing information and advice for circulation. We recognise the value of these pages for keeping a two way flow of information between the police and the public. The above sites have provided very popular and all communicate with each other to increase their effectiveness. If you would like more information on how to develop a similar Facebook site for your area to assist in making the area less attractive for criminals please take a look at the above mentioned pages for examples of content and rules and for more information please contact Sergeant Michaela Simons.

Members of the community that do not use the internet or social media can obtain this information from Parish Councils and NHW Schemes.

Brackley currently has an active Street Watch scheme that is always seeking new members. Street Watch, in a nutshell, is the equivalent of a mobile Neighbourhood Watch. In addition it can cover the entire Community and tackle issues such as; vandalism, anti-social behaviour, drug abuse and dog fouling. If you are interested in helping your community and setting up a Street Watch scheme in your area then please contact your local Police team at Brackley for details.

Visit our website for more information and updates:
