

D-day Commemoration

As part of the national commemoration on the 80th anniversary of the D-Day landings, the Farthinghoe beacon will be lit at 9.15pm on 6 June 2024. Across the country several thousand beacons will be lit to honour those who gave so much for us on that day. The chair of the parish council, Councillor Mick Morris will read the International Tribute to remember all those that served on D-Day.

All residents are invited to attend this very important event
