Subject: A422 bridge update

Good afternoon.

You are receiving this information as you are on the update email list for the A422.

Northamptonshire Highways has been liaising with partner agencies so work can start to repair the A422 bridge. Consents have now been agreed. The pre-fabricated unit required for the repair is agreed and in production.

We are now programmed to start work on Monday November 19th. The Environment Agency has stipulated some additional works which means the repair will take four weeks and will be completed by Christmas. Adverse weather could affect this.

We would like to take this opportunity to thank you for your patience. We all realise how difficult and inconvenient this closure has been.

I will continue to update as we mobilise to start work. Please feel free to share this and encourage people to join the mailing list by just emailing me - rmiller@kierwsp.co.uk

If you do not wish to receive information please let me know and I will remove you from the mailing list.

We have also updated the factsheet on the NCC website. [Factsheet](#)

Kind regards.

Rebecca.
